Full Page Printing

Microcom Corporation would like to introduce the newest addition to our M-series thermal kiosk printers, our model 814M. This high powered thermal printer features an 8.5" print width and the exceptional durability our customers have come to expect from Microcom printers. Specially designed for unattended printing applications, our model 814M is the perfect fit for heavy volume, high traffic areas.

Feature Rich

Microcom's model 814M offers a number of different configuration choices and printing capabilities. The list of options include: heavy duty cutter, presenter/retractor capabilities, USB, Serial, Ethernet ports, and multiple sensor functions. Our movable media mount can hold an 8" O.D. thermal paper roll that is equal to 1,100 8 1/2" x 11" sheets of paper!

Application Overview:

- Inventory Mgmt.
- Wayfinding
- Healthcare
- Boarding Passes
- Weigh Scale
- Retail
- Transportation
- Maps
